FOTOMOUNT F42™

Binds all papers, including photographic paper

Equipped with removable extension table - binds albums up to 470 x 420 mm / 18.5" x 16.5"

Designed specially for the photographic studios, photolabs and professional photographers

Create deluxe photo albums

Fastbind FotoMount F42™ is a manual large format photo album binding machine using the pioneering Fastbind Mountinglift™ system (patents pending). This machine is equipped with removable extension table to optimized ergonomical operation. With the extension table you produce albums up to 470 x 420 mm, with all kind of printed materials (photographic paper, card, laminated materials, etc..) in a matter of minutes! Albums open flat with an edge-to-edge panoramic view on each page. For the cover, both a standard or a digitally printed custom made cover can be used*.

For photographic professionals and digital printers

Fastbind FotoMount F42™ is a superior solution, designed specifically with the photographic studios, photo labs and professional photographers in mind. It also meets the needs of digital printers, copy shops and on-demand publishers who can offer premium photo albums to their customers.

Easy inventory: only two types of supplies

The Fastbind FotoMount™ product line provides all the consumables needed to mount a photo album. With only two types of supplies, you can manage all album sizes (up to 470 x 420 mm and 60 mm thick): **Fastbind FotoMount Mounting Sheets™** form the core of the book block and **Fastbind FotoMount End Sheets™** attach your book block to the cover.

 Product information as of October 2009 and is subject to change without notice.

Removable extension table makes possible to fit this binder in any corner of your office or workshop. With the extension table you produce albums up to 470 x 420 mm.

A Cover Guide, one Content and two Cover Positioning Holders are included.

The finished book opens astonishing 180 degrees.

Compatible with Fastbind Casemakers™ and FotoCreasers™

Fastbind FotoMount F42 uses pre-folded photos and pictures. Use Fastbind creasers for optimized creasing. Your album will open flat and look beautiful, even in the center of the page!

For the best quality personalized hard covers, we recommend the Fastbind Casemakers. Just imagine and design the cover for your album. Producing the cover will be a matter of minutes! In addition, Fastbind FotoMount F42 comes with a cover guide, one content and two cover positioning holders to make the final mounting easier.

Fastbind Casematic H32 Pro™

* For top quality personalized hard covers, we recommend Fastbind Case Makers (not included)
