

# Sars-CoV-2

## What can we do to protect ourselves and others?

**DUAL II** [www.dual.hr](http://www.dual.hr)

IDEAL air purifiers help to contain the further spread of pathogens.

IDEAL air purifiers help in the fight against the new coronavirus. The general concept behind IDEAL AP PRO air purifiers is to significantly reduce the concentration of pollutants, viruses and germs in indoor air.

In this way, they also help to reduce the concentration of coronaviruses in indoor air. This prevents the coronaviruses from being transmitted to people in the first place and possibly making them ill.

Air purifiers  Made in Germany

# How do air purifiers help?

Thanks to their highly efficient, multi-stage filters, the AP PRO models almost entirely eliminate pathogens and pollutants from indoor air – and don't release them again.

Comprehensive microbiological hygiene certification\* verifies the effectiveness of IDEAL AP PRO air purifiers. They are approved for use in medical facilities.

\* Schwarzkopf Institute in cooperation with the Mainfranken Institute of Hygiene

You can find out more about air purifiers and viruses in general at: [ideal.de/en/coronavirus](https://ideal.de/en/coronavirus)

## IDEAL AP PRO 🇩🇪 Air purifiers

Professional high-performance air purifiers. Efficient air purification "Made in Germany": AP30 PRO, AP40 PRO, AP60 PRO and AP80 PRO.

Coloured pre-filters are available as accessories.

## IDEAL AS10 indoor air sensor and app

For measuring and displaying indoor air quality and interconnecting IDEAL AP PRO air purifiers.

	AP30 PRO	AP40 PRO	AP60 PRO	AP80 PRO	AS10
Ideal for room sizes (sqm)	20 – 40	30 – 50	50 – 70	70 – 100	-
Air throughput up to (m <sup>3</sup> /h)	310	440	600	800	-
